Acceptance Checklist

Course: Semiconductor Process Fundamentals Masterclass

 Course code: C716
 Package: v1.0 | 1 October 2026
 Activity: 8 - Run a Future-Technology Integration Gate
 Alignment: LO2
 Duration: 50 minutes

Output Quality

[ ] The recommendation integrates process, device, reliability, yield and packaging evidence.

[ ] Every gate has a measurable threshold and an accountable follow-up action.

[ ] The conclusion is conditional on evidence rather than technology hype.

[ ] Every claim is linked to a slide, workbook result, measurement or activity observation.

[ ] Control limits and specification limits are not used interchangeably.

[ ] The final decision includes an accountable follow-up action.

[ ] File names use the required A08- prefix.
